Accreditation
Lewis & Clark College is accredited by the Northwest Commission on Colleges and Universities. Lewis & Clark is a member of the American Council on Education, the Association of American Colleges, the College Entrance Examination Board, and the Northwest Association of Private Colleges and Universities. Lewis & Clark is on the approved lists of the American Chemical Society and the American Association of University Women.

Disclaimer
Lewis & Clark College reserves the right to withdraw courses at any time, change the fees, change the rules and calendar regulating admission and graduation requirements, and change any other regulations affecting the student body. Changes shall become effective when approved and shall apply not only to prospective students but also to those who are matriculated in Lewis & Clark College at the time. The contents of this catalog are based on information available to the administration at the time of publication.

Nondiscrimination Statement
Lewis & Clark adheres to a nondiscriminatory policy with respect to employment, enrollment, and program. Lewis & Clark does not discriminate on the basis of actual or perceived race, color, sex, religion, age, marital status, national origin, the presence of any physical or sensory disability, veteran status, sexual orientation, gender identity, or gender expression and has a firm commitment to promote the letter and spirit of all equal opportunity and civil rights laws, including Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, Title VII of the Civil Rights Act of 1964, the Age Discrimination Act, the Americans with Disabilities Act of 1990, and their implementing regulations.

ADA Statement
Lewis & Clark is committed to serving the needs of its students with disabilities and learning differences. Professional staff in Student Support Services ensure that students with disabilities receive the benefits of a comprehensive selection of services as outlined under the Americans With Disabilities Act (1990) and Section 504 of the National Rehabilitation Act of 1973. A formal student disability grievance procedure provides prompt and equitable resolution of any complaints related to ADA or Section 504.

Please route undergraduate and graduate student requests for accommodations through Student Support Services at www.lclark.edu/offices/student_support_services.

Security
The security of all members of the campus community is of vital concern to Lewis & Clark. Information about safety (http://www.lclark.edu/about/campus_safety/overview/), the enforcement authority of the Office of Campus Safety (http://www.lclark.edu/about/campus_safety/), policies (http://www.lclark.edu/about/campus_safety/policies/) concerning the reporting of any crimes that may occur on campus, and crime statistics (Clery) (http://www.lclark.edu/about/campus_safety/crime_statistics/) for the most recent three-year period is available at www.lclark.edu/about/campus_safety. You may also request this information from the Office of Campus Safety (http://www.lclark.edu/about/campus_safety/) at 503-768-7855.

Graduates of Lewis & Clark have entered the fields of medicine, dentistry, veterinary medicine, osteopathic medicine, medical technology, physical therapy, and nursing after postgraduate study at professional schools such as those at Oregon Health & Science University, the University of Washington, Vanderbilt University, Harvard University, Johns Hopkins University, Weill Cornell Medical College, and Wake Forest University. Advisors at Lewis & Clark guide students in selection of appropriate courses through individual counseling, group information sessions, literature, and the Internet. Other resources available include internships and a network of Lewis & Clark alumni working in the health professions who are willing to assist students in making career decisions.

Many courses required for admission to health professional schools are sequential, so careful planning is essential. Students should consult as soon as possible with their academic advisor, assistant professor of psychology and pre-med advisor Todd Watson, or Adonica De Vault in the Center for Career and Community Engagement. Students who plan to pursue postgraduate work in the health professions must take basic courses in biology, chemistry, mathematics, physics, and psychology at Lewis & Clark. Many health professions schools require advanced coursework in some of these areas as well. They also strongly encourage students to develop a breadth of academic and cocurricular interests. Although many pre-med/pre-health students major in biology, biochemistry, or chemistry, students can enter graduate programs in the health professions with any undergraduate major, provided they have taken the courses required by the professional schools.
