CURRICULUM AND INSTRUCTION

Lewis & Clark offers an individually designed program for teachers wishing to engage in advanced study and improve their professional practice. The Curriculum and Instruction program provides maximum flexibility and allows degree candidates to identify their individual learning needs and select appropriate courses in education and academic content. The course of study is planned in consultation with a faculty advisor. As part of the MEd program, students complete one or more endorsements or certificates in the areas of ESOL, Reading Intervention, Special Education: Generalist, the Teacher Leadership for Equity and Social Justice Certificate, and/or the Oregon Writing Project Certificate in the Teaching of Writing.
